

LOCAL NEWS.

TUESDAY EVENING, DECEMBER 17.

THE RIVER.—A track is now open in the Potomac, and the Aquia Creek steamers are making their regular trips between that point and Washington. The steamer John Gibson from New York, left here yesterday evening, for Georgetown. The Kennebec, from Baltimore, arrived up last night. There are four vessels of different sizes in the ice between Fort Washington and the White House, and several steam tugs went to their assistance this morning. Several coal vessels, and some oyster boats, were towed up last night. A vessel loaded with lumber for Smoot & Perry, of this city, has been cut through by the ice, and sunk, about twenty miles down the river, and if the ice should continue to run immediately, will prove an almost total loss. The Columbia, which cleared at Baltimore, and the E. C. Knight, which cleared at New York, for this port, on the 14th, have not yet arrived, but are expected hourly. Three tug boats with six large schooners in tow arrived up at 1 o'clock this evening. The river is clear of ice below Indian Head.

RELIEF TO THE POOR.—The applicants for the city's charity, both white and colored, are increasing in number at the Mayor's Office, and to the extent of the corporation's ability their wants are supplied. Those who feel charitably disposed, and who of their superabundance can spare a small portion, can have their contributions bestowed upon worthy objects by sending them to the Mayor's Office. The donations to the relief of the destitute, so far, have been from people in only moderate circumstances. Let it not be said that Alexandria confirms the truth of Burns' two lines, "The poor alone, when they hear the poor moan, Of their morsel, a morsel will give."

SLEIGHING.—Yesterday evening and last night, until after nine o'clock, King street was alive with sleighs, and resonant with their merry bells; and the songs of

"Jingle, jingle, jingle a way,
Don't you hear the merry sleigh,"
and
"Then there was the d—l to pay,
When we went out a sleighing,"
were lustily sung and echoed by the occupants of the sliding vehicles as they gaily passed and repassed each other on that slippery thoroughfare. Several upsets occurred last night, but, happily, no one was hurt. The sleighing is now excellent—better than it has been for years past.

SCHOOL EXHIBITION.—It will be seen by an advertisement in another column, that our young friends at St. John's Academy are to give one of their popular Exhibitions at Liberty Hall, next Monday night. The programme includes "The Base Ball Fever," which was so well received last year, and a new piece, entitled "The Fast Young Man," in which the follies of some of the rising generation are shown up to the life. The proceeds are to be devoted to the increase of the School Library, already a very valuable one, and we doubt not that the hall will be filled to overflowing as it has always been when the St. John's boys came before the public.

MUSICAL AND DRAMATIC.—A musical and dramatic entertainment, whose real excellence is vouchsafed by competent judges, will be produced to-night at Liberty Hall, by some of the members of Harmony Division, Sons of Temperance, the proceeds of which are to be appropriated to the Friendship Fire Company, to aid that company in paying for its new steam engine. The enjoyment to be experienced at this entertainment, and the worthiness of the object for which it will be given, will certainly secure a large audience. A great many tickets of admission, it is stated, have already been sold.

STEAM FIRE ENGINE.—The new steam fire engine, the Friendship No. 1, of the Friendship company, arrived here this morning on the nine o'clock local train, from Washington. It was to have been tried and inspected at the foot of Duke street, this morning, but in consequence of the bursting of the packing box, while steam was being generated, the trial was postponed until the necessary repairs could be made. It was tried this evening, and worked admirably.

PRIZE FIGHT.—Two aspirants for pugilistic honors—Thomas Butler and William Arrington, both of this city, fought a prize fight, at eleven o'clock on Sunday morning last, during the terrible snow storm then prevailing, on a lot across the canal locks, near Lochaber. The strict rules of the ring were not observed, and after a short contest Butler was declared the victor.

DISTRICT COURT OF APPEALS.—The District Court of Appeals for this, the Fourth Judicial District of the State, convened in Fredericksburg yesterday. Many gentlemen of the bar were subjected to great inconvenience in reaching there, in consequence of the interruption to navigation on the Potomac.

ALEXANDRIA CHRISTIAN ASSOCIATION.—There will be held to-night, at half-past seven o'clock, the regular monthly meeting of this organization, in their new room, on King st. Daily prayer meeting in the same room every evening (Sundays excepted) at 4 o'clock.

FREEZING OF HYDRANTS.—Considerable trouble and inconvenience are experienced at present by the freezing of hydrants in many neighborhoods, the bursting pipes in some cases flooding the pavements, and filling the gutters with ice.

LOST OVERBOARD.—It will be seen by reference to our marine report that the Captain of the schooner Ann Turner, from Newark, N. J., bound to Washington, with a load of stone, was lost overboard, off Cape Henry, during a gale.

ERRATUM.—In a paragraph in the News of this day, in yesterday's Gazette, it was said that "Old Bull had arrived in this country," &c. Now, though the person referred to may be an old Bull, at this day (certainly not a very young one), it would have been to say, the least of it, more respectful to have called him by his right name, which is Ole Bull.

SOUP HOUSE.—The donations to the Soup House to-day have been: Three hundred pounds of beef, from Col. S. P. Lee; one sack of salt, from a friend; and \$2.00, from a friend. Nine hundred people were supplied with soup to-day.

VILLAGE CHURCH.—The revival at the Village Church still continues, and large and attentive congregations attend the nightly ministrations of the pastor; and numerous penitents and conversions are reported.

POLICE REPORT—MAYOR'S OFFICE.—There were no cases of criminal character at the Mayor's office this morning.

MAGISTRATES' OFFICE.—A warrant was issued for the arrest of Wm. Wallace, charged with an assault and battery upon John Lambkin.

At the instance of John Lambkin, a peace warrant was issued against Wm. Wallace. Both these cases will be tried this evening.

CHRISTMAS.—We would call attention to the advertisement of Messrs. Avery & Davidson, in another column, and would recommend those who are making preparations for the festivities of the Christmas Holidays to examine their fine stock of groceries, wines and liquors before making their purchases.

[COMMUNICATED.]
I think there is some error in the statement of G. W. R., in yesterday's Gazette. John Alexander, who bought Hosen, or Hovison's Patent of 6,000 acres of land on the freshes of the Patowmack River, so-called in the Patent, was the owner of all the land on which Alexandria now stands, except some few lots not sold. The Trustees of the town, who had bought of the original owner, about 1748, reserved one acre for a market and court house. The Alexander land was afterwards divided between the sons of John Alexander, Charles, who got all north of Cameron street, and Thornton, who got all south of said street. If either of the Alexanders was a master of a Masonic Lodge, or if there was any Lodge at all here at that time, seems very doubtful.

The charter to the present Lodge, No. 22, was originally granted to Lodge No. 39—to "our brother, George Washington, (first master) late Commander-in-Chief of the armies of the United States," and was dated, (I write from memory) on the 14th of December, 1793, a dispensation was granted to alter the name of said Lodge, under the name of Lodge No. 22, and to retain the original charter. General Washington never owned the market house lot. He was once appointed a trustee of the town, but declined acting.

The subject of the title to the market house lot was thoroughly examined, and reported, I believe, by the late Judge Lee, in conjunction with Robert I. Taylor and Thompson F. Mason, at the time the removal of the Court House to its present location, was agitated in 1839, or thereabouts. Mr. Lee's report is believed to be somewhere among the Corporation papers.

COMMERCIAL.

ALEXANDRIA MARKET, Dec. 17.—The market this morning was very quiet, the attendance on "Change small, and the transactions limited. Flour continues unchanged but firm. Wheat is steady, with sales of 200 bushels white at 230 for common, and 600 bushels red at 200 for trashy; 230, 240 and 245 for fair to good, and 262 for prime. Corn in moderate request, with offerings of 2819 bushels new mixed, and 150 new white. Prices have declined, and the sales were at 10s 10/100 for mixed, and 107 for white—no old offered. No sales of Rye or Oats reported, and prices nominal. Dressed Hogs in fair request at \$8.50—prime lots for families may be quoted at \$9. Butter very active, and prime much wanted at 38c.

BALTIMORE MARKET, Dec. 16.—Flour.—The market is dull in the absence of shipping demand, but holders firm, with receipts falling off. We hear of no sales worthy of notice.
Grain.—Receipts of all descriptions continue light, owing to the obstructed condition of the river. The offerings of Wheat were comprised of only a few hundred bushels; included in the sales were 300 bushels common red at 235; 100 do. at 245; 335 bushels Cumberland red at 285; 100 do. at 265; 100 bushels good white at 270, and 100 do. prime at 280. Corn.—The market was steady, with sales of 350 bushels prime yellow at 122; 350 bushels do. at 120; 360 fair do. at 118; 2000 damp, as to condition, from 105 to 115; 725 prime dry yellow at 125s 12/6; 100 fair do. at 120; 400 damp at 115; 1200 do. at 110; of Western mixed 50.00 at 125. Oats.—Sales reported were 100 bushels at 70; 350 at 71; 200 at 72, and 2000 prime, in lots, at 75. The 250 bushels at 160, and 75 do. at 170 per bushel.

EUROPEAN GRAIN TRADE.—The enormous exportation of grain from Hungary continues without diminution. A letter from Pesth, dated 28th ultimo, says the steamers and grain ships of the Danube take advantage of the low stage of the river, and their cargoes up the river, and the railways are even more busy. The grain all goes to Bodenbach, which is the great centre from which it is sent on to France, Hamburg and England. The demand seems to increase rather than diminish.
